

Supporting Fertility Patients On Their Journey To...**Parenthood**

**40+**  
Practices Using  
Q Reviews  
Nationally

Hi There,

In today's competitive fertility landscape, patient experience is more than just a metric—it's a key driver of trust, retention, outcomes, and referrals to new future patients. Ahead of the ARM & NPG Conference in Nashville, Quality Reviews is sharing our **exclusive IVF Industry Report 2025** delivers insights from **700K+ surveyed patients** across **40 leading practices**, revealing what truly matters in their IVF journey.

This **first-of-its-kind** report is essential for clinics, providers, and industry professionals looking to enhance patient care and build long-term trust.

**Key takeaways for your practice:**

- ✓ **Top 5 patient pain points**—from financial clarity to empathetic care
- ✓ **Service speed matters**—quick responses = higher patient satisfaction
- ✓ **Trust, communication & respect**—the pillars of a standout IVF practice

By understanding and optimizing patient experience, your practice can foster stronger relationships, reduce stress for patients, and ultimately **drive better outcomes**.

**Access the full report today to see how your practice can incorporate insights to improve your patients' experience to stay ahead in 2025.**
